As the Gater Sees It

BY ED PIERCE

"If American students could plan the course of study for the nation's colleges and universities, an overwhelming majority would prescribe wide cultural background." So say the Student opinion surveys of America in their latest national poll of campus thought.

The results of these surveys represent the opinions of approximately a million and a half students in all types of colleges throughout the entire country. According to their statistics, 17 per cent of the students believe higher education should be mainly technical, 46 per cent would emphasize a wide cultural background, and 37 per cent would include both the technical and the cultural.

Evidently students are willing to agree partially with Cardinal John Henry Newman, intellectual leader of Victorian England, who placed great stress on the value of cultural and academic learning. But the students of today, realizing the needs created by modern industrialism, want their education to help them to do as well as to know.

Cooperation is being asked by the Westminster Club on its "clothing for migrants" drive. Under the supervision of the club, the drive is being opened Wednesday, November 15. Clothing of any kind, toys, and generally useful articles are requested. Parcels are to be left in the alcove off Mrs. Monroe's office, room 203, College hall.

The need for clothing among the migrants is extreme. Contributions cannot be too extensive. Everything donated may be put to good use.

Sunshine Send Sympathy Notes As New Service

Marguerite Soult, president of the A.W.S., recently organized Sunshine club, for the purpose of sending notes of sympathy to women students who are ill, or to those who may have had deaths in their family.

Co-chairmen Ben Lavezzo and Rae Kaplan ask that anyone who knows of any women students to which the purpose might apply, please notify them or A.W.S. officers.

Parent Faculty Card Party Aids Student Loans

A card party to be given to swell the Student Loan fund was the topic of discussion of the Parent-Faculty club at their last meeting.

The party will be held in the Activities room at 2: p. m., Wednesday, November 15. Mrs. John L. Tilden is chairman in charge of all arrangements, she announced today that there will be prizes for all tables.

The price of a ticket to the party is 50 cents per person. President Woodward said, "This card party is being given for a worthy cause and for this reason we urge all the mothers who can, to attend." Refreshments will be served after the card playing is completed. A meeting of the executive board will be held at 1 o'clock Wednesday.

CHICKENS CACKLE WEDNESDAY

Chicken's Ball Of '36 Recalls Comedy Pranks

If the Chicken's ball of 1936 is mentioned to any of the campus veterans, usually a broad grin spreads over their faces and they begin reminiscing. "Who was it that came on the stage with the rubber stogey in his mouth?" The low junior class took the third prize with an act called "Little Nell." Little Nell was Hal Besman, remember? A football tackle, he was six feet four if he was an inch!

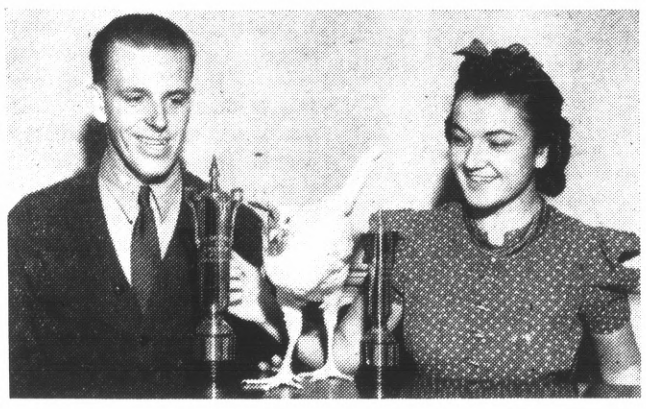
DOUG KIDD PLAYS

Doug Kidd is still around, he and Howard Brubick walked off with the trophy for first place with a piano duet. They played "Shortin' Bread" and "Star Dust." If the 1939 Chicken's ball has any gay singing in it, Bill Bailey feels that he is in the position to do some capable judging of its excellence, he is the last surviving member on the campus of the "Flora Dora" quartette that drew second prize.

CHICKEN MASCOT

Erwin Bischoff, Alpha Phi Gamma, chairman of this year's Chicken ball promises that it will be better and bigger and funnier than ever before. Maybe that is what the white leghorn chicken who has been the mascot for the occasion, has been crowing about in College hall—if that was crowing. He must have sneaked in at rehearsals.

Judging by the record of the last affair, a ducat to this one, on November 15, looks like a gloom chaser that will stand by one in any low moment for the next couple of years anyway.—**J. A.**



Erwin Bischoff (left), chairman of the Chicken's ball, and Louise Vallarino, president of Alpha Phi Gamma, watch Gamma Gamma, their mascot, strut his stuff.

Four members of the Floradora Revue, given by Phi Lambda Chi, are practicing their dance. They are left to right, Ellen Reeve Holly, Esther Riecks, Gladys Hurning and Margaret-Jane Carpenter.

NOTICE!

According to the latest information from the Registrars' office, the dates of the following examinations are:

Subject B.....Dec. 9
Math .....Dec. 2
Penmanship .....Dec. 2

Students who are planning to teach should take these tests before they enter upper-division work.

Year's Second Chaser Published November 21

With a daring expose of student body affairs and their finances, the "Chaser" will make its appearance November 21, according to Editor Jim Martin.

The News Guild campus humor magazine in this issue is attempting to do something that has never been done before on any college campus, Martin said. Besides interviews with Florence Vance, registrar, and Leo C. Nee, comptroller, the "Chaser" will present the complete statistics on all student body activities.

A new contributor to the art division of the magazine is Herb Swanigan whose work in the black and white medium shows a new technique. Other artists are Les Klepper and Johnny Ednoff.

Mr. Amsden Stricken Ill

Stricken by a slight paralysis of the right arm, Maurice Amsden, professor of physical science, was forced to remain away from college the last few days.

Students and faculty wish Mr. Amsden a speedy recovery.

State Registrars Convene Today At Sir Francis Drake

The fourteenth annual convention of the Pacific Coast association of collegiate registrars will be held at the Sir Francis Drake hotel today.

President John A. Anderson of Pasadena J.C. will preside at the reception on Sunday.

Discussions are to be held on many subjects such as: inter-institutional relationships; junior senior college relationships; testing programs and their uses; registrars' office techniques.

Dr. Karl Cowdery, associate registrar of Stanford, is to be toastmaster. State will be represented on the program by Kappa Delta Tau, the dancing sorority, and Dr. Elias T. Arnesen, who is to speak on "Reality and Illusion on Stage and Screen."

Our registrar, Miss Florence Vance, is on the dinner committee. The supper will be tonight.

Bib 'n Tucker Rehearse For Chicken's Ball

The skit offered by the Bib'N' Tucker club has been accepted by the chairman of the Chicken's Ball.

In charge of the production is Marge Furtado who is driving the girls towards perfection in their parts. Aiding Miss Furtado in her work is Bernice Bianchi and Peggy Clifford.

As yet the club has found no sponsor for a fashion show this fall. At the next meeting Thursday, November 16 in the Activities room it will be decided whether or not to wait until next February.

Madrigal Group, Kappa Delta Tau Aid Music Fund

State Madrigal Singers and Kappa Delta Tau will give a combined performance of singing and dancing in Frederick Burke auditorium Friday evening, November 17, under the auspices of the Parent-Teachers Association.

Proceeds of this entertainment will augment the financial status of the musical-instrument fund of Frederick Burke school. Admission to students is twenty-five cents and thirty-five cents to outsiders.

Such numbers as "Weep You No More," sung by Harriet Smith; "Though You Are Young," sung by Lawrence Sherrill, are on the program with Madrigals of Palestrina, Byrd, Weelkes, Bennet, Gibbons and Morley. John Ward will be the soloist playing the Spinet and George Herbert is to accompany the vocal soloists.

Subject B Tests Must Be Passed By Teachers

Mr. Hugh Baker of the English department, states that all students seeking a teaching credential, must take and pass the Subject B examination.

This examination, which deals with general literature and standard children's classics, will be given on Saturday, December 9, at 10 o'clock.

A passing grade is all that is necessary, as there is no differentiating of grade points. In the event of the student's not passing the first time it is attempted, the examination can be taken again and again, with no lowering of the record.

'Gamma Gamma' Struts Out On Wednesday

Audience Anticipation Runs To High Pitch In Trophy Decision

Participants and ticket-holders in the big Chicken's Ball today found only two days separating them from the event they have been awaiting for the last month.

Wednesday night, November 15th, all the participating clubs will present the first of a series of two performances that will determine which wins the Chicken's Ball trophy for the best act.

THREE HOUR SHOW

Beginning at 7:30 p.m., the show is expected to last until well after 10, with every available seat in Frederick Burk auditorium filled by students who were fortunate enough to secure tickets for the first performance.

Sherman Grant, "maestro of monkeyshine," and his stooges will provide between-the-act diversion. Grant has planned a novel before-the-curtain comedy that he claims will "have the customers rollin' in the aisles."

The Music Federation's orchestra will present an overture and intermission music. All of the real old-time numbers will be revived in a medley, according to Nelson Bonar, Federation president.

FOURTEEN ACTS

Fourteen acts are listed on the program, General Chairman Erwin Bischoff announced. They will be divided into two sections of seven acts each.

Participating clubs are: Associated Women Students, Kappa Delta Tau, Newman Club, String Quartet, Women's Athletic Association, Brush 'n Palette, Spanish

News Guild Placement Plans Initiated; State College Writers Active

Members of the News guild are working with the San Francisco-Oakland News guild to set up a placement bureau for associate members, according to President Carol Crouch.

A list of eligible students would be made to the bureau, and when any openings occurred, these students would be called.

Betty Townsend, feature writer for the "Oakland Post-Inquirer," was present at the last meeting and said that the Guild and the publishers felt the need for such a bureau.

Junior Class Promenades At St. Francis

Fredric's Orchestra Arranges Music For Semi-Formal Dance

Junior promenade night at the Saint Francis hotel promises to be the best ever given in this college, said Bob Anderson, president of the high junior class.

This dance will be semi-formal and bids for the students will be $1.50, for outsiders $2.00, and $2.50 at the door for everyone.

Dancing will be held in the Colonial room and the Italian room to the music of Howard Frederic's orchestra. Howard Frederic is the former Howard Slickman of this college and has been playing for the dances of Stanford and San Jose State.

In charge of the bids are Bonnie Eaden, vice-president of the class; Elsie Hanson, and Betty Fisher. Tickets will go on sale Thursday.

State Debaters To Argue Relief On Cal Campus

State debaters, Arnold Vezzani and Richard Date, will travel to Berkeley tomorrow to compete against the University of California team, according to Henry Bartels, debate manager.

The subject will be "Resolved: That Relief Should Be Shifted to a Production for Use Basis."

Shirley Senk and Vivian Fleming, State women's team, will debate against St. Mary's Wednesday at Moraga on the question of a strict isolation policy.

STOCKTON DEBATE

Teams to represent State in the Stockton debate tournament November 20 to 22 were selected last week by Coach Claude A. Shull. Entered as the men's varsity are Tex Sigerson and Erwin Bischoff, and the women's varsity will be Shirley Senk and Vivian Fleming.

To participate in the Stockton tourney as junior varsity teams are Arnold Vezzani-Henry Bartels and Rudy Koller-Al Raby. One other team is yet to be announced.

H. S. TOURNAMENT

The semi-annual high school debating tournament will be held on the campus November 24 to 25. Awards will be given to the best debating team and to the winners of the extemporaneous speech and oratory contests.

A. M. S. Meets, Eats And Is Entertained

Talent scoured from every corner of the campus featured the Associated men's students meeting of Thursday noon in the Little theater.

Vocal entertainment was furnished by Jack Sharkey who sang two numbers, accompanied by Jack Fisher on the piano. Fisher played a medley of accordion solos. Three colored musicians, Herb Swannigan, Jerome Richardson and Verne Williams set the crowd wild with a hot jam session. Tap-dancing to the tune of an old fashioned two-step was furnished by Marge Greer and Bob Cummings.

President Mario Machi introduced Dr. Sommerville Thomson who cautioned students against expressing opinions concerning America's possible entry into the European turmoil.

Climaxing a term of unique entertainment, President Mario Machi announces the AMS will present the annual sportnite, Friday, December 15. In addition to wrestling and boxing matches, fencing duels and tumbling exhibition by outside talent, an orchestra will be provided for social dancing. Refreshments will be served during the dance. Ten cents admission will be charged to cover expenses.

EDITORIALS

Editorials and feature articles in the Golden Gater reflect only the writer's opinion. They make no claim to represent student or administration opinion. All unsigned editorials are by the Editor.

While the radio has been rapidly spreading over a tremendous geographical area since its birth and has been intensifying its numerical distribution, it has also been developing a greater number of uses.

Throughout the past few years, the radio has undertaken to provide entertainment, education, various kinds of specialized information, such as financial news, general news, and specialized communication as between a plane or a ship and its terminal.

Now the radio has become a powerful weapon through its capacity to disseminate propaganda over a wide area. By means of radio, the people of an entire nation can be subjected to the influences of propaganda, whether it be good or bad.

News by radio starts out from France, England, Germany, Italy, etc. and encircles the earth. Each nation tells its own side of the story. Through this fact we find our opportunity to study propaganda from front row seats. And it is only by getting a knowledge of how propaganda is actually made that we can learn to distinguish between good and bad propaganda; between the whole truth and the part truth.

Our own State college noticed an increase in enrollment at the beginning of the fall, '39 semester. According to the National Student federation of America, reports from all over the country show similar enrollment increases.

And according to a recent youth survey of the WPA, approximately 48 per cent of the students who leave school prior to graduation are forced to do so because of lack of funds.

Since the NYA was organized in 1935, it has given aid to nearly a million students. Because of an increase in federal funds allotted to the NYA, 130,000 students are this year being aided financially so that they may be able to go on with their college work. This number kept in college during the 1939-40 school year surpasses the number aided during the 1938-39 school year by approximately 20,000 students.

It seems appropriate that federal monies should be used to help financially poor students remain in college, since college work paves the way for the development of better citizens, with all the ramifications implied, and since democracy, the foundation of our present federal government, will be strengthened by education that is made more easily available.

Sigma Alpha Eta Offers Scholarship

Applications for the Sigma Alpha Eta scholarship may be obtained from Mrs. E. Randolph, Dean Valentine's secretary, any time after today.

The scholarship is for upperclass men only. Student activities as well as grade point average are considered by the committee.

The last two scholarship winners are: Alexis Schelekov, Beta Pi Sigma and Bob Wolf, Sigma Pi Sigma.

A rally for the purpose of publicizing the Sigma Alpha Eta scholarship will be held November 22, under the direction of Doug Kidd.

Other activities of Sigma Alpha Eta include the purchase of David Woodbury's book, "The Glass Giant of Palomar," for the college library.

Fashion Contest For Women

Careers for college women seniors are offered by Vogue Magazine as prizes in the Prix de Paris contest.

This year there are eight awards including a special Vanity Fair writing award, fine cash prizes, and honorable mentions. First prize being one year employment with Vogue Magazine, six months to be spent in Vogue's New York office, six months in Paris, if world conditions permit; otherwise, the full period (1 year) will be spent in the New York staff.

NEW COURSES OFFERED BY ENGLISH STAFF

Counsel Required For Programming Courses This Year

All English majors and minors should make appointments to have their courses for next semester approved. A schedule of available hours for conferences is posted each Friday outside Room 204C. No English major or minor in **any** field may register for **any** English course without the approval of the department adviser.

Attention is called to the fact that English 18, Interpretation of Newspapers and Periodicals, required of all journalism majors and minors is being offered for the first time next term. All journalism students who have completed the freshman year should register for English 18. English 115, Ethics in Journalistic Practice, required of journalism majors is to be given in the spring term. Since this course will be offered only every third semester, all journalism majors in the upper division should be sure that English 115 is on their programs for the coming term.

SPEECH MAJORS

Speech majors and minors should remember that English 304D has as a pre-requisite the completion of the lower division requirements in speech and of English 126a, 126b and 303a. For 304 Sp the student must complete the lower division requirements, six units in the upper division selected from 122a, 122b, 123a and 123b, and 303a. Liberal arts students with a major or minor in speech may substitute another approved speech course for the 304 requirement.

GENERAL INTEREST

New courses of general interest are English 142, literature of the West, and English 195, semantics. English 142 is a study of the pioneer spirit in American novels, poems and plays; it will show the problems of the frontier and the West from Colonial times to the present, from Captain John Smith to John Steinbeck. English 195, semantics, is a study of the exact meanings and values expressed and communicated through words. Best usuage, fallacies in common speech, symbolism, slang, dialect, standard American language as a culture trait—these are features to be discussed.

Frank L. Fenton Elected English Association Vice-President

At a meeting of the College English association of the San Francisco Bay region, held in Berkeley Saturday, Frank L. Fenton of the English department was elected vice-president.

Miss Bock, Dr. Arnesen, Dr. Cassady, Mrs. Ellsworth, Mr. Baker and Mr. Simonson represented State college.

Reports on the status of English in relation to high school and college curricula were delivered by Miss Bock and Mr. Baker.

"We cater to Staters"

'ALL WARS WRONG,' DECLARES COLLEGE OF PACIFIC PRESIDENT DR. KNOWLES

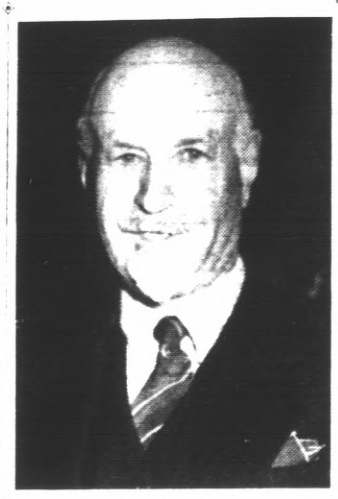
AFTER BEATS

By SHERMAN GRANT

Never was there a more appreciative audience than that group of Staters who were fortunate enough to get the opportunity to usher at least Friday's performance of "Madam Butterfly." Needless to say, the performance was superb, but we don't think it reached any heart deeper than it did those of that small group seated on the center aisle stairs in the dress circle. The group, which included Clara King, new A Cappella choir soloist; Eleanor Plas, whose appreciation could not possibly have been doubted; lovely Trudy Strauss, who is still amazed at the opportunities which did not exist in her hatetorn Germany; and Marie Vallarino, whose ever-present smile gave way to a sobriety of expression that only a thing of great beauty could produce.

The audience, for the most part was made up of school children from all over the Bay area. They swarmed like inquisitive ants out of their chartered buses into the Opera house with mischief written upon their faces, yet, the audience was as well behaved as any we've seen. To most, it was the first taste of opera, but their initial awe soon left; replacing it was an instinctive love for the beautiful, never before so fully roused. A prospective teacher might not do badly with the idea—why not present all your classroom problems in opera?

Suddenly ushered into prominence is Anita Magneson, who, in last Thursdays' special election was given the post of Music federation secretary, filling the vacancy left by Bill Lacy, whose conflicting classes robbed him of an opportunity to be of material service to State. Anita was one of the first people we met when we arrived at State, a gangling hick from that Junior college with the football team, and has been a close friend since. She is one of the most pleasant personalities in the department, with an infectuous demeanor of what might seem gushy sweetness; actually it is a defense mechanism. All her life she has lived in fear. All her life she has lived under the shadow of a horrible menace. Even now, when hope seems brightest for her, that shadow still hovers over her. We thought that if we exposed this ugly thing—let it crawl out from under the board, as it were, it would be our contribution towards alleviating that monster of fear. The fact is, Magneson is TICKLISH But be that as it may, we still think she'll make a good secretary and a clear-thinking member of the Federation board, upon whom the members may rely for sound judgment. We hereby extend our congratulations to that young lady who is slowly overcoming a great handicap.



DR. TULLY KNOWLES

Alpha Phi Gamma Installs New Beta Chapter

Four members of the San Francisco State chapter of Alpha Phi Gamma journeyed to Berkeley recently to install a new chapter of the fraternity at Armstrong college.

The new chapter, Tau, will be a part of Beta Phi Gamma, which is the junior college affiliate of Alpha Phi Gamma. Seventeen students at the Berkeley school were initiated into charter membership.

State's representatives, who conducted the initiation were Erwin Bischoff, Wade Brummal, Ernie Miguel, and Phil Schmidt.

Sweeney Gives Short Talk

"All war is wrong," declared Dr. Tully Knowles, president of the College of Pacific, who was introduced by President Alexander C. Roberts at the peace assembly last Friday in the First Baptist church.

"War may be wrong on both sides, but it is always wrong on one side."

The "peace-loving" Americans who have not always been "peaceful" are not apt to enter another war, he said. The emotional pressure of freedom of the seas is being eliminated, and the American people are becoming rational rather than emotional.

Bob Sweeney, student body president, in a short talk said, "If we can take the profit out of war, there will be no war."

He warned students of the danger of propaganda in getting us into such a state of chaos.

Because time was limited, Dr. Fisk, professor of philosophy, and Joe Edelstein, general chairman of the peace assembly, did not give their speeches.

A Cappella choir, under the direction of Roy Freeburg, sang two selections which they dedicated to the cause of peace. Ed Smith acted as master of ceremonies.

Members of the committee in charge of the peace assembly included Dot Foppiano, decorations; Dena Witte, hostess; Thelma Rastad, Slip Madigan and Joe Edelstein, chairman. Alpha Omega sorority assisted in the decorations.

For Girls Only . . . by Betty

There is a large minority of the girls at State who are getting an education the hard way. The hard way is to carry a full program and hold down a job on the outside too. Last term there were almost twelve hundred girls enrolled here and approximately one-sixth of them were either totally or partially self-supporting.

JOBS FOR GIRLS

Dean Ward has been the mainstay for girls who have been anxious to get through college and did not have the necessary funds. It was through her office that forty-one girls obtained positions in homes last term. They have the hardest time of all, for the job consists of three hours a day, during the week and half day on Saturdays which they have to put in on various household tasks. In return they receive room and board and 15 dollars spending money.

Other girls are employed in various downtown stores, in fountains, during the day with their programs arranged to enable THEM TO GET IN several hours a day. Some girls make a good living at suitable hours in that manner.

NO JOBS FOR MEN

In the respect of such a job bureau as this, girls have it all over the fellas at this institution. In the first place, there are many more types of jobs available for girls than for boys, and in the second place the Dean of Men's office has little time to really get out and solicit jobs for fellows. And then the all-men institutions of this area get all the requests for work of this kind. State still has the reputation of being a women's college . . . and some of the men think it isn't!! (heh-heh!)

GIRL-OF-THE-WEEK: LOUISE VALLARINO

Pretty, dark-eyed Louise Vallarino is our girl of the week, enterprising ticket chairman for the Chicken's Ball . . . (and who sold more tickets than there were seats . . .) "Weegie," as she is called by her brother Alpha Phi Gamma members, has been one of the most active girls on this campus for several years. . . . Starting her career as feature editor of the Golden Gater, she has worked her way up to Managing Editor, Editor, and Summer Session Editor of this publication.

Alpha Phi Gamma's student handbook this year is graced by her work as editor-in-chief, and she is now active as Honorary Organizations Editor of the 1940 Franciscan. As a sideline she is now taking up practice teaching, membership as a Women's Representative on the Ex. Board, and has recently resigned her position as secretary of A.P.G. to take over the presidency of that organization. . . . Orchids, the Pulitzer Prize, the Academy Award and even the Nobel Prize for outstanding college students should all swing her way when she graduates. State will miss such a girl as Weegie, who can cram so many activities into four such short years. . . .

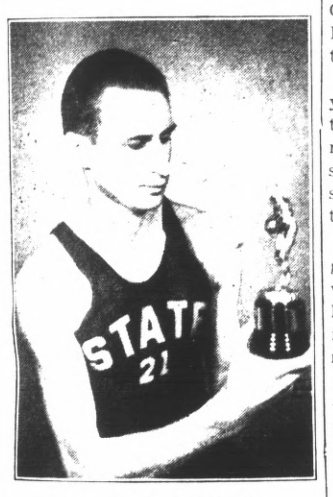
LOUSTALOT, KIRWIN AND COLLINGWOOD RETURN TO VARSITY BASKETBALL

Ten Veterans Return To Brace Farmer's Quintet; New Cagers Likely To Crash First String

Featuring a basketball team revolving around the personages of Ernie Loustalot, Dave Kerwin, outstanding offensive guard of last season, and an elongated, animated skyscraper in the person of Tom Collingwood, will be the 1939-40 State basketball varsity coached by Dan Farmer.

Paced mainly by veterans from last year's team, the inter-collegiate season will commence on December 1, when the gators encounter the Y.M.C.A. Backing up the three aforementioned veterans and probably constituting the remainder of the first team will be Bob "Red" Russel and George Thayer, Jack Madigan, Billy Hammond, Jack Fischer, Mel Nelson, and Dan Ruben.

By no means certain, this first string lineup, or so it appears tentatively, will probably undergo a change before the season is far underway. Among those who are right up there in question of a starting berth are Jack Wolf, transfer from S.F.J.C.; Ed Kalfrain, who last season played for the U.S.F. frosh; Bob Turney, a Dan Farmer protege; and Carl Gustafson, who did his casaba playing for Mission high.



TOM COLLINGWOOD

Every team must have its combinations, and State's squad is no exception. The three musketeers of the varsity are Phil Stolz, Carl Gustofson and Fergusion, all three coming from Mission high to continue their casaba careers.

Swimming Coach Issues Call For New Men

Practice Sessions On Monday, Wed. and Friday in YMCA Pool

Regular practice sessions for the swimming team begin today at the Central Y.M.C.A. pool, and Coach Hal Harden is counting on about twenty-five men turning out.

With several key men from last years squad among the missing, there is plenty of room for new men to get on the team. The absence of Lyle Collett, number one sprinter, has left a big void in the 50 and 100-yard.

Any fellow who is interested in getting on the swimming team, who has not yet spoken to Coach Harden should do so at once as he is anxious to get a line on how many men are coming out.

The regular practice sessions will be Monday, Wednesday and Friday from 11 o'clock till noon, but special times might be arranged for those who cannot work out at these times.

LID-LIFTER

To the Editors—

In behalf of the San Francisco State College Newman Club, I would like at this time to publicly extend the sincere appreciation of the members of our organization for the splendid publicity we have been receiving in the Golden Gater this semester.

I want to especially thank Editor Ed Pierce and managing editors Ed Smith and Wilma Hill for their fine cooperation in making the Newman Ball the great social success it turned out to be.

As none of the three editors mentioned above are members of the Newman Club, I am certain that they will give the same publicity coverage to any club or fraternity on the campus that they bestowed upon us when the occasion warrants such publicity. This is certainly a healthy sign in campus publications and fortunately demonstrates an absence of that "click" epidemic running rampant in many colleges.

Pierce, Smith, Hill and associates deserve congratulations.

WADE BRUMMAL,
President, Newman Club.

JAYVEES WHIP WILDCATS

Junior Varsity Gridders Go On Rampage With 25-0 Victory Over Saint Ignatius Wildcats

Best Season On Record With Five Wins, One Loss, And A Tie; Gaffney, Elms, Mirande Score

Around this little old campus of State they're beginning to call him Thomas "Amos Alonza" Bragg, the man of destiny. The wily Tom Bragg sent his junior varsity gridders out to battle Saint Ignatius high last Friday, and when the dust of that battle had cleared away it found the State Jayvees victorious by a 25-0 verdict. For the entire season the Bragg-men have amassed a grand total of 94 points with 18 against them. They have won five games, lost one and tied one.

But, now for the gruesome details of the Wildcat-Gator tussle. The game started out as if it would be a deadlock. In the opening period the State quarterback, Elmer Harvey, made a return of a Saint Ignatius punt some twenty yards to the S. I. 29-yard line. At this point the jayvee's attack began to click.

GAFFNEY SCORES

Craig Gaffney went for seven yards and then Harvey fought his way up for four on a quarterback sneak. Gaffney then went for two and Crane rambled for seven. Gaffney drove forward two more and State found themselves on the Wildcat seven as the period ended.

Three drives at the line by Gaffney and the ball went over for six points. Daryll Jasperson's try for point was no good.

After this tally, both teams made unit substitutions. Two line plays failed to gain for the Wildcats and on third down they punted. However, a fast-charging lineman named Fred Schwartz rushed the kicker so that the ball went up in the air for exactly two yards. It was at this point, on the Wildcat 24, that Grant Elms on a reverse twisted and fought his way for 24 yards and a score.

FUMBLE STOPS SCORE

The last threat of the first half came when State marched to the Saint Ignatius 18 only to fumble. However on the next play Saint Ignatius returned the complement and this was the position that the Gators found themselves in as the half ended.

The second half found Saint Ignatius kicking off. Marching from their own 41, the junior varsity traveled 59 yards, the score coming when Pete Mirande crashed his way for eight yards and a score. At this point Grantham made the conversion on a dropkick. Standouts in the 59-yard march were Ray Ryall and Fred Schwartz with their timely blocking.

The last score came in the fourth quarter. Izzy Pivnick, who had a field-day blocking two kicks and recovering two fumbles, was instrumental for this score. Izzy blocked a kick and the ball traveled only 14 yards to the Saint Ignatius 34.

WEBSTER PASSES FOR SCORE

A Gaffney to Webster pass netted 20 yards. With Captain Dick Webster and Craig Gaffney alternating in ball carrying, they moved the pigskin down to the Wildcat five-yard marker. Webster passed to Archie Steinback in the end zone for another six points.

The contest ended shortly thereafter with the Wildcats throwing the ball all over the lot but not making any serious threats.

Cross Country Runners Face San Mateo J. C.

Kline and Carolin Lead Trackmen In First College Meet

State's cross-country squad faces the San Mateo Junior college down the peninsula Wednesday at three o'clock. It will be the first intercollegiate meet of the year for the Gator distance men who have won both of their practice meets.

Tomorrow's race will prove an acid test in determining how the State runners will stand up against the University of California when the two teams meet.

Leading the field of runners that will make the trip down the peninsula is Fred Kline, winner of the Commerce race, and Jack Carolin, who finished first in the Lowell meet. Dick Schwab, Marcus Davis, Rolfe Leavitt, Aubrey Wendling, and Alex Winchester complete the roster.

Phi Epsilon Mu Versus Sigmans

Who are the better plays, the referees or the intramural football champions?

That question will be decided today on the Upper field at noon as the champion Sigma Pi Sigma varsity tangles with Phi Epsilon Mu.

Phi Epsilon Mu members have been officiating in the contests during the tourney and on their roster will be found such men as Chad Reade, Dave Schiller, Jim Lowrie, Claude Hanrahan, Jack Kelly, Charles Iago, Vern Oulette, and Mario Machi. Most of these men are varsity football players and should give the fraternity lads a tough time.

The Sigmen roster will include Jack McGann, Jack Fischer, Don McRitchie, Joe Edelstein, John Finn, Bill White, Lou Quartararo, Bob Anderson, Tony Bacich, Bob Cumming, Bob Buckley, and Ed Barry.

High Scorers Receive Medals

Four men will be honored with appropriate medals for leading the high-scorers during the tournament. The players, with their total scores, are Jack McGann, 33; Jack Fischer, 27; Bob Russell, 21; and George Weekes, 21. Medals and ribbons will be presented at an Award Rally to be held soon.

Basketball entries are coming in fast, with 22 teams already entered. Competition will be keen in this tourney with such teams as defending champions Playground Directors, Muscle-Men, Sigma Pi Sigma, Old Men's A.C., Phi Epsilon Mu, the Cathayans—an All-Chinese team, and a host of P.E. classes signed up. Today is the deadline!

Noon Recreation

Word comes from Josephine Biggie, minister of noon recreation, that ping pong is in full swing. And plans are being manufactured for another badminton tournament. This will be a ladder tournament, and the first court is reserved for beginners.

Soccermen Win 1-0 Victory Over Bulldogs

Frank Gunner Scores Lone Tally In Third Period For Underdogs

In a game in which they were outplayed but not outfought, San Francisco State's soccer team eked out a 1-0 victory over the odds on favorite, San Mateo Junor college last Thursday at the San Mateo field.

This makes the fourth victory of the season for the Purple and Gold squad which has shown a consistent improvement in every game. Only one defeat marred the otherwise perfect record. That was against Commerce which caught the team off-balance on the first quarter.

The lone tally which gave State the game was made by Frank Gunner in the third quarter. John Finn playing center half was all over the field in his best game of the season. A bouquet should go to Mel Johns and Bill Darwin for their splendid defensive work.

The Gators were hard pressed in the last quarter to maintain their slim lead when the San Mateans attempted a last-minute rally but the Kennymen defense tightened and prevented a score.

Future games included an encounter with USF Dons at Roberts field and return engagements with San Mateo and San Jose. Defeat of San Mateo J. C. and San Francisco J. C. in the last week marks two conference teams that have been tumbled from their perch by an underdog State squad that is certain to be in the soccer conference schedule next year.

AWS Changes Ice Skate Date

The date of the AWS Ice Skate party has been changed to November 18, 5:30 to 7:30 p.m., in the S. F. Ice Skating rink.

According to Beatrice Halis, chairman, there will be entertainment and refreshment for all, with a nominal charge of 15 cents.

Moseby Speaks On Dressing Injuries

Dr. Dave Moseby, noted San Francisco athletic trainer, will speak tomorrow on the practical methods of treating injuries, in room A110 at 12:30, according to Dave Schiller, president of Phi Epsilon Mu.

Second in the program of leading athletic authorities of the Bay region to address the society, Dr. Moseby is a member of the staff of Polytechnic high school.

All persons interested in this phase of first aid are invited to attend. Particular stress will be laid on ways to tape injuries incurred in athletic events.

Platt Wins Drop Kick For Accuracy

In the drop-kick for accuracy held at Roberts' field last Friday, Herb Platt cracked six out of ten to win the first place ribbon. Second place was won by Bill Clark while John Pichotto took the third prize.

INTRAMURAL BASKETBALL DEADLINE IS WEDNESDAY

INTRAMURAL FIGURES . . .

By JOHN PICHOTTO

Last Wednesday's **Football Olympics** presented a real battle in the punt for distance contest. By the slim margin of one yard, **Tom Collingwood** walked off with first place ribbon over **Walt Learner** who copped second prize.

Collingwood's longest boot went for 62 yards — in the air, while Lerner cracked one out to the 61 yard marker. Third place ribbon went to **Craig Gaffney** with a boot of 55 yards.

Among those who gave the winners a scare with long punts were **Jack Fisher, Herb Platt, Charles Beck, Harry Robey,** and **Bob Lee.**

Tomorrows' Olympic contest will be the pass for distance while on Wednesday, the place-kick for distance will be run off.

To date, twenty-three teams have entered the **basketball tournament** which will start on Thursday, November 15. Watch the bulletin board in College hall for a complete schedule. Games will be played during the **noon hour** in the Women's gymnasium and at the Salvation Army courts.

Phi Epsilon Mu will continue officiating these contests.

Hurry To Boxing Confab Right Now

At this very moment a confab of boxing and wrestling hopefuls is taking place in room 118, College hall.

Men interested in either of these sports are urged to rush immediately to this meeting and help two more inter-collegiate sports become a part of the college athletic roster.

Don Kupfer will coach the mittmen and matmen and has prospects of arranging meets with San Jose State and University of San Francisco.

Newman Enters Basketball League

The State Newman club has entered a basketball league with the University of California, San Jose State and San Francisco Junior college Newman clubs. As the team can receive considerable practice in the campus intramural league, members are asked to sign with Manager Jack McInerney for both campus and off-campus play.

LET'S GO GATORS FOR BASKETBALL TOURNEY

New Book System Saves Time

A new system for the procuring of books was inaugurated in the library last Thursday, November 2. According to reliable sources this system has proved to be a success. It not only saves time, but a student can be sure of getting the book he wants.

Miss Ruth Fleming, head of the library staff, distributed printed instructions to all the students in the school. If anyone failed to receive these instructions in their box, they can read those that are tacked on the library bulletin board.

These instructions read as follows: Go to the Loan dask and ask to reserve some 4 o'clock books, naming authors and titles of those you wish. The number of copies available will be looked up, and if your reservations are possible your name will be written on the appropriate reserving cards, and you will be given cards to fill out and keep until 4 o'clock, when you will present them. There will be a 4 o'clock line as before. But those who have made reservations should be at the head of this line and be taken care of first. Books will be held not later than 4:30, after which they will be given to other students who request them.

The library staff keeps the bulletin board outside the library door up to the minute with the latest news on books and authors. Anyone is free to read the information and will undoubtedly find much of interest.

Journalism Dept. Plans New Work

Two additional courses in journalism to be offered next semester were announced today by the English department.

Part of the expanding curriculum in journalism, both courses are required of majors in the field; one, English I8, is compulsory for minors. Both are recommended for candidates for teaching credentials who wish to qualify themselves to supervise school newspapers and year books.

English II5, Ethics in Journalistic Practice, offered by Luther Meyer, special writer on the Call-Bulletin, will deal with journalistic integrity, libel, and the laws governing periodical writing.

Newspaper, newsmagazine, radio and cinema journalism will be studied in English I8, Interpretation of Newspapers and Periodicals, given by D. W. Simonson, formerly of the Los Angeles Herald and the United Press.

English I7B and II7B will also be given in the spring. Further information may be obtained from Mr. Meyer or Mr. Simonson.

Complete Sell-Out Of Chicken's Ball Tickets

(Continued from Page 1)

Club, French Club, Associated Men Students, Sigma Pi Sigma, Bib 'n Tucker, Trombone Quartet, Alpha Omega, and Phi Lambda Chi.

SECOND CHICKEN BALL

The Chicken's Ball is the second of a series sponsored by Alpha Phi Gamma, national honorary journalism fraternity, to raise funds for the Mary Kleinecke Scholarship Fund. The Kleinecke Scholarships are awarded each year to outstanding high school journalists.

Committees handling the affair are as follows: Erwin Bischoff, general chairman; Louise Vallarino, tickets; Ernie Miguel, program, and Lew Morris, concessions.

'40 Franciscan Artwork Nears Completion

Art work on the 1940 **Franciscan** is well under way, according to Stephen Mills, art editor, who has just completed the rough drafts for the four-color major division pages.

Carrying out the theme, "The Golden Tide Is Rising," the book will show the growth of the college from its infancy to its present development and will point the way toward our future growth. The theme will be carried out in the body of the book as well as in the division pages, all copy being directed toward that end.

Almost all photos for the honorary fraternities section have now been taken, and the proofs have been approved by the students concerned, according to Edward Fairchild Pierce, associate editor.

Photographs for the seniors will be taken in the latter part of November by the photographer, Walter Cameron, each senior paying the photographer fifty cents for his work. A small charge will be made for inclusion of the picture in the book by the business manager of the Franciscan, James F. Martin.

Sigma Pi's Rehearse Skit

Final rehearsal of the Chicken's Ball skit and formulating plans for the fraternity initiation, which will be held next month, will be the main features of tomorrow night's meeting of Sigma Pi Sigma.

President Bob Anderson declared the fraternity's pledges will receive instructions as to what their final month of pledgeship will consist, at this meeting. Joe Edelstein, John Finn, John Pichotto, George Weekes, and Bill White are the men to be initiated.

The meeting which was to be held Wednesday night, has been changed to tomorrow night because of the Chicken's Ball. It will take place at the home of Louis Quartararo.

Newman Club Basketballers Schedule Games

Question Box Revived By Prexy Brummal

Heralded as one of the most vital conclaves of the semester, tomorrow night's bi-weekly Newman Club meeting will be the final get-together before two of Newman's most important social events of the semester.

Plans will be completed and refreshment tickets sold for the Sigmund Stern Barbecue and Barn Dance on Wednesday, November 22, as well as the gigantic Bridge-Whist billed for the following Wednesday, November 29. Funds from this latter affair will be used to make up the financial loss realized on the Newman Ball.

CHICKEN'S CAST LAYS EGG

The meeting will also serve as a final rehearsal for Newman's skit for the Chicken's Ball on Wednesday and Thursday nights. This has been altered somewhat as part of the original cast was unable to appear on Thursday evening.

Meanwhile arrangements are being completed to fill out a schedule for the Newman basketball team which is booking practice games with the Phil Sheridan and San Francisco University Y.M.I. fives as well as league combats with San Jose State, University of California and San Francisco jaysee Newman Club quintets.

The meeting tomorrow night will also reintroduce a feature of bygone years, the Question Box. Both members and any other interested students may submit in writing and unsigned any question regarding the Catholic religion or the views of the Church on such prominent questions as birth control, marriage, divorce, war, neutrality, and others of interest. These will be answered by the chaplain, Rev. Gerald Geary.

COMMITTEES SELECTED

Vice-president Gertrude Egan will select committees to assist her in handling the Orphans Party on December 13. Proceeds from this affair will be used to purchase Christmas candy and toys for orphans in the Bay area.

Some twenty members of the Newman Club traveled to Berkeley yesterday evening and attended a dinner dance at the University of California Newman Club. They were led by President Wade Brummal and Vice-prexy Gertrude Egan. Joe Luke's Lake Merritt Hotel orchestra furnished the music and an Italian dinner was served. Decorations included live parrots, monkeys and other pets to carry out a Riviera theme.

Alpha Chi Epsilon Pledges Initiated

The annual initiation for new members of Alpha Chi Epsilon was held Thursday night in the Activities room.

The pledges came to school with large bows and big lollipops. At night they dressed as children and were properly initiated into the club. After the initiation, the old and new members ate dinner together.

The chairman of this affair was Muriel Vellou. The committee consisted of Rhoda Ayers and Margaret Wylds.

Farmer Shows Camp Movies

Moving pictures of the '37, '38, and '39 recreation camp at Cassadero were shown Wednesday noon in the Frederick Burk auditorium. Camp director Dan Farmer supplemented the movies with a discourse illustrating the camp activities which include nature lore, handicraft, archery and swimming.

"Two years ago," said Mr. Farmer, "State was the only college in the United States with a co-educational recreational camp. Now there are several." He gave a short account of the history of the camp and how the facilities are improving every year.

There's
No Great Mystery
about Cigarette Tobaccos

THERE ARE FOUR TYPES
of tobaccos found in the more popular cigarettes, namely... Bright, Maryland, Burley and Turkish.
ALL THESE TOBACCOS except Turkish (which is bought direct from the planters in Turkey and Greece) and Maryland (which is bought through sealed bids under government supervision) are bought at public auction, just like any other auction where you might have bought in a table or a chair.
AT THE AUCTION SALE the tobacco is piled in baskets weighing from about 100 to 500 pounds and each purchaser buys all of his tobaccos by competitive bidding for the particular piles he wants.
THE CHESTERFIELD BUYERS buy the best of these mild ripe tobaccos for the Chesterfield blend. And it is *Chesterfield's Combination*... the right amounts of Burley and Bright ... just enough Maryland ... and just enough Turkish—that makes the big difference between Chesterfield and other cigarettes.
IT IS BECAUSE of this combination that Chesterfields are COOLER, have a BETTER TASTE and are DEFINITELY MILDER. They are made of the world's best cigarette tobaccos. You can't buy a better cigarette.
MAKE YOUR NEXT PACK CHESTERFIELD
